CapTel 2400i

FLEXIBILITY with a CapTel phone

With different options available, you may have a hard time deciding which phone to choose. Alabama CapTel is here to help! Check out the available models below. You can visit our website at alabamarelay.com/captel to narrow down the right phone that fits your needs.

CapTel 2400i

Touch-Screen Convenience

A **tablet-style telephone** with a large, touch-screen display and helpful menu graphics. Ideal for people who prefer a contemporary telephone design.

Features Bluetooth® connectivity, letting you enjoy hands-free calls with your headset, neckloop or other Bluetooth-enabled device.

WiFi compatible. Requires a standard telephone line and high-speed Internet access.

CapTel 840 & 840i

Traditional Style Phones

For people who prefer the familiarity of a **traditional telephone** look and feel.

CapTel 840 – For people who don't have Internet access. This model relies on a landline (analog telephone line).

CapTel 840i – For people who have high-speed Internet and a landline.

CapTel 880i

Extra Large Display

Ideal for people who have **low vision** or difficulty reading the standard caption sizes.

CapTel 880i allows users to customize the font sizes, styles and colors on a large display.

WiFi compatible. Requires a standard telephone line and high-speed Internet access.

FEDERAL LAW PROHIBITS ANYONE BUT REGISTERED USERS WITH HEARING LOSS FROM USING INTERNET PROTOCOL (IP) CAPTIONED TELEPHONES WITH THE CAPTIONS TURNED ON. IP Captioned Telephone Service may use a live operator. The operator generates captions of what the other party to the call says. These captions are then sent to your phone. There is a cost for each minute of captions generated, paid from a federally administered fund. No cost is passed on to the CapTel user for using the service. CapTel is a registered trademark of Ultratec, Inc.
